Over Thanksgiving week, 29 of our GTSC skiers crushed the slopes of Winter Park together at our 1st ever GTSC Fall Camp! It was a week filled with fun, friendship, laughter and a whole lot of impressive skiing! For those of us present, it was a magical week sharing time together and watching our skiers grow and support each other - our hearts left full of gratitude for our GTSC families - and excited to come back in 2024!

Special thanks to our USSS/FIS Head Coach Craig Davidson - the camp would not have been possible without his passionate guidance - and his crew of positive coaches including our GTSC alumni coaches Cam Owens, Evan Culp, Aiden Lewandowski, and Dan Culp - as well as the amazing Abi Ellis!

Thank you to our skiers for putting your trust in us. We are grateful and can't wait for the season ahead to watch you RIP!

Sincerely,

Tonya  
Lewandowski,

Director
